

CERTIFICATE OF COMPLIANCE
(Pursuant to Section 53 of the *Environmental Management Act*)

THIS IS TO CERTIFY that as of the date indicated below, the site identified in Schedule A of this Certificate of Compliance has been satisfactorily remediated to meet the applicable Contaminated Sites Regulation remediation standards and criteria.

This Certificate of Compliance is qualified by the requirements and conditions specified in Schedule B.

The substances for which remediation has been satisfactorily completed and for which this Certificate of Compliance is valid are listed in Schedule C.

I have issued this Certificate of Compliance based on a review of relevant information including the documents listed in Schedule D. I, however, make no representation or warranty as to the accuracy or completeness of that information.

A Director may rescind this Certificate of Compliance if requirements and conditions imposed in the Certificate of Compliance are not complied with or any fees payable under Part 4 of the Act or regulations are outstanding.

This Certificate of Compliance should not be construed as an assurance that there are no hazards present at the site.

The substances to which this Certificate of Compliance applies migrated to the site from a neighbouring source. It should not be assumed that this Certificate of Compliance certifies the remediation of all contaminants at the site.

Schedule A

The site covered by this Certificate of Compliance is a portion of a City of Prince Rupert civic owned lane located at the east terminus of 3rd Avenue East in Prince Rupert, British Columbia, which is more particularly known and described as:

All that portion of laneway commencing from the southwest corner of Lot 3, Waterfront Block F, Section 1, District Lot 251, Range 5, Coast District, Plan 1948 (the point of beginning);
Thence along the bearing N46° 13' 00" W a distance of 24.224 metres;
Thence along the bearing S43° 47' 00" W a distance of 6.192 metres;
Thence along the bearing S46° 13' 00" E a distance of 28.720 metres;
Thence along the bearing N43° 47' 00" E a distance of 21.749 metres;
Thence along the bearing N46° 13' 00" W a distance of 4.496 metres;
Thence along the bearing S43° 47' 00" W a distance of 15.557 metres to the point of beginning, containing an approximate area of 247.8 m².

This site contains parts of a legal parcel depicted in an engineering drawing prepared by Hemmera Envirochem Inc. dated April 5, 2017.

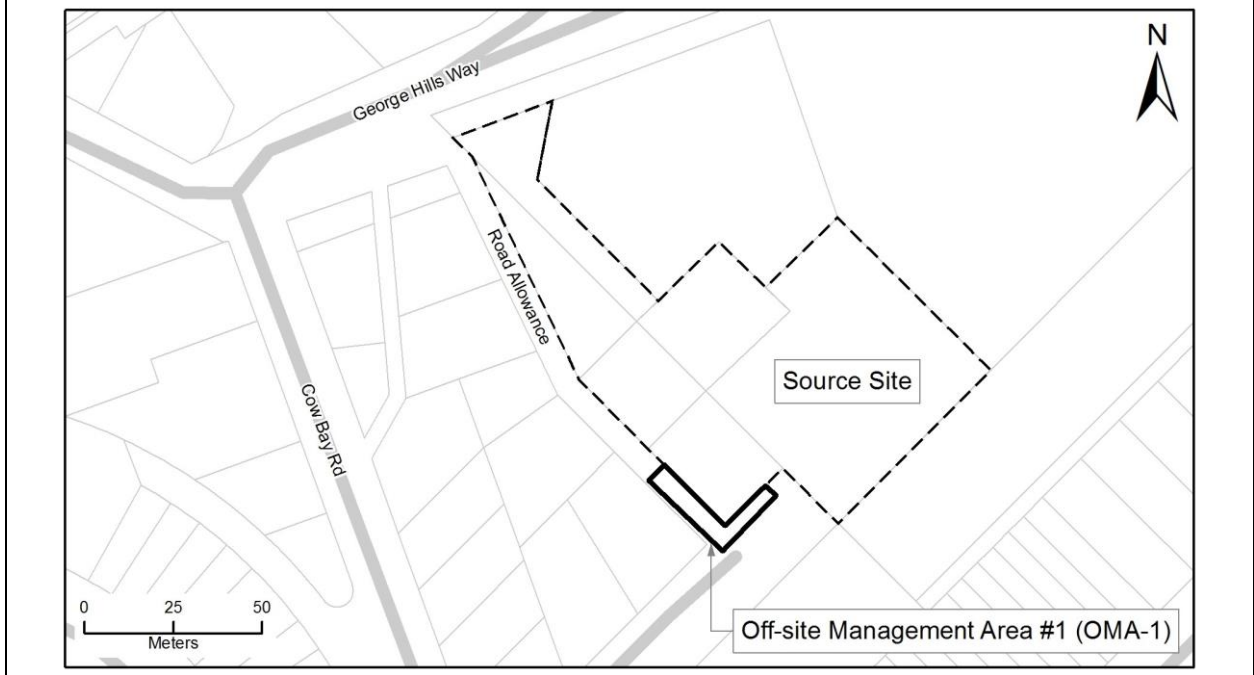

The approximate centre of the site using the NAD (North American Datum) 1983 convention is:

Latitude: 54° 19' 4.31"
Longitude: 130° 18' 59.95"

Schedule B

Requirements and Conditions

1. Any changes in land, vapour, water, uses must be promptly identified by the responsible person in a written submission to the Director. An application for an amendment or new Certificate of Compliance may be necessary. The uses to which this condition applies are described in Schedule C and in the site investigation documents listed in Schedule D.

The documents listed in Schedule D indicate that vapour attenuation factors were applied to meet a Contaminated Sites Regulation numerical standards at and adjacent to the site. These vapour attenuation factors were selected based on assumptions about the structures, locations and depths of buildings existing or expected at and adjacent to the site. These assumptions include the following:

- (a) Future buildings will be slab on grade and no groundwater contact with the slab will occur.

Any inconsistencies that arise between the structures, locations and depths of proposed or constructed buildings at and adjacent to the site and the range of structures, locations and depths of assumed in the selection of vapour attenuation factors in the documents listed in Schedule D must be promptly identified by the responsible person or persons in a written submission to the Director. An application for an amendment or new Certificate of Compliance may be necessary.
