Welcome to iMapBC

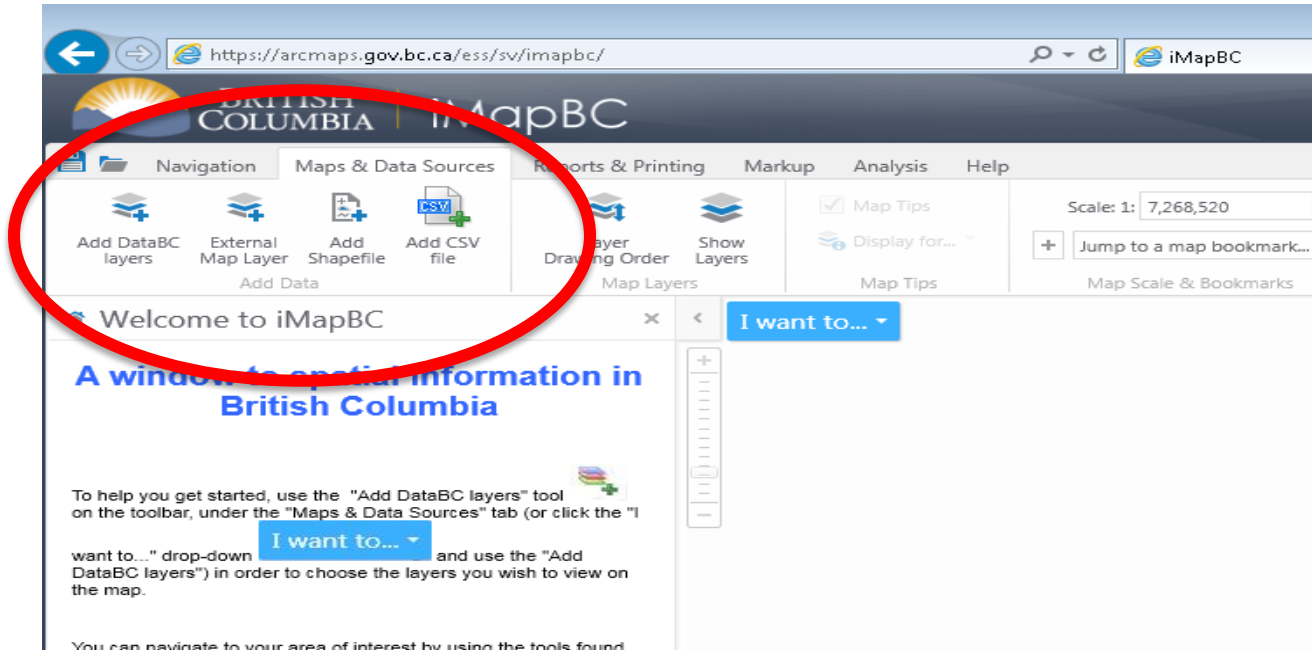

A window to spatial information in British Columbia

To help you get started, use the "Add DataBC layers" tool on the toolbar, under the "Maps & Data Sources" tab (or click the "I want to..." drop-down and use the "Add DataBC layers") in order to choose the layers you wish to view on the map.

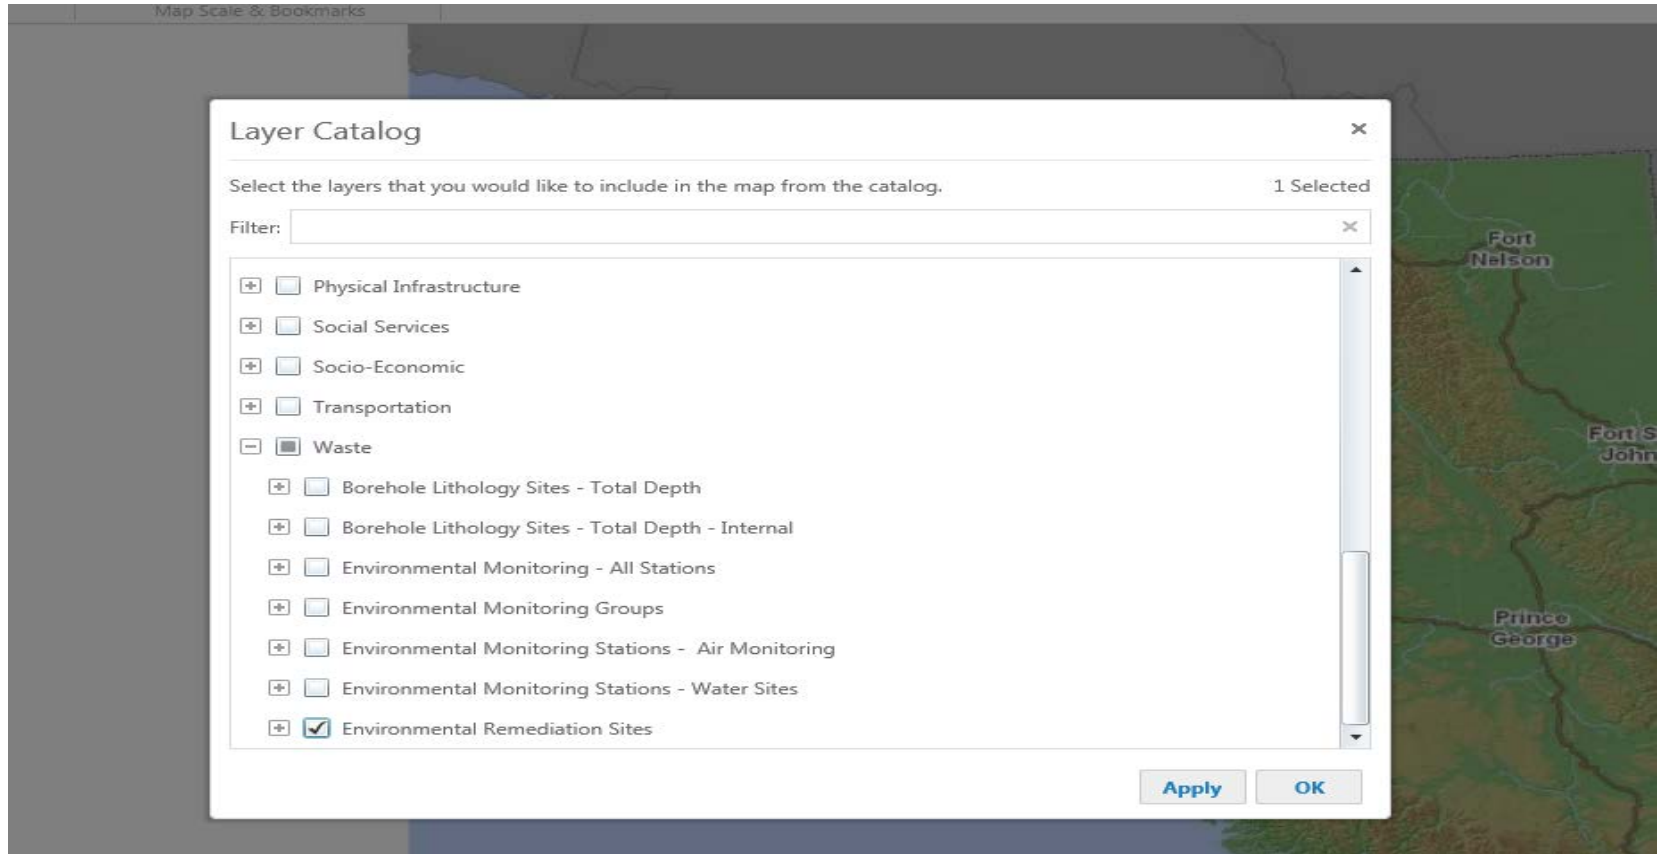

You can navigate to your area of interest by using the tools found under the Navigation tab. "Zoom In" allows you to drag a box on the map itself. Alternatively, the mouse wheel allows you to also zoom in and out. You may also right-click on the map to get additional tools.

Additional help and information can be obtained by contacting the Service Desk.
Hours of Operation: 9:00 am to 4:30 pm (PST) Monday to Friday
**Please leave a voice message if you are calling after hours.*

FEATURE DETAIL

The screenshot shows a GIS application interface. On the left, a search results pane titled "Results (1)" contains a single entry: "Environmental Remediation Sites, KITKATLA VIEW ST. AND CROSS RD." This entry is circled in red. The main map area displays a topographic map of a coastal region with labels for "Hecate Strait" and "Ogden Channel". A feature detail window is open over the map, displaying the following information:

Environmental Remediation Sites, KITKATLA VIEW ST. AND CROSS RD
