

Types of documents reviewed by CSAP Society's Review Services Committee

1. AP Statements

Approved Professional statements required by the Director, often as a condition of a certification document (e.g., in an AiP or CoC); but not for Site ID processes (not documents relating to site profiles, SDS or site release notices).

They are typically provided within letters or reports.

2. Reports

Reports prepared in response to Director imposed requirements to a responsible person (via email, letter, etc.) for information to be submitted.

Examples of such reports include:

- Progress reports
- Reports describing monitoring events (sampling results and interpretation)
- Confirmation of Remediation Reports – meeting conditions of CofC, PVP, operations and maintenance, contingency plans (or other historic names), etc.
- Annual, biannual, quarterly, monthly (etc.) reports
