Re: Application submitted in response to director's requirement(s) in Approval in Principle
503 Railway Avenue, 423 Railway Avenue, 419 Railway Avenue,
111 Main Street, Salmo, BC

Dear Keeliana Hopkins,

This letter is to acknowledge receipt and review of the following documents:

- *Validation Monitoring Phase Progress Report 2022*, prepared by Parsons Inc., dated February 21, 2023.
- *Validation Monitoring Phase Progress Report 2023*, prepared by Parsons Inc., dated January 29, 2024.

Based on the review by a member of the Contaminated Sites Approved Professionals Society's Review Services Committee, the director's requirements are considered satisfied for the reporting periods.

Review and assessment of application documents is based on the most recent information provided on the above-referenced site. The ministry, however, makes no representation or warranty as to the accuracy or completeness of that information. The director expressly reserves the right to change or substitute different requirements where circumstances warrant.

This letter is without prejudice to existing requirements or any further action, requirement or order that may be taken under the *Environmental Management Act*.

Please do not hesitate to contact the undersigned via site@gov.bc.ca should there be any questions about this letter.

Yours truly,

A handwritten signature in blue ink, appearing to read "Kaitlyn Munn".

Kaitlyn Munn, P.Eng.
Site Remediation Officer
